**14) Judicial Information**

The University is committed to providing equal educational opportunities. The University also strives to ensure a safe campus and learning environment. Therefore, while the University asks questions about disciplinary and criminal history, a positive answer to these questions does not automatically disqualify an applicant for admission. In the admission process, applications are reviewed for academic eligibility without consideration of whether the applicant answered yes to any of these questions. After an applicant is determined to be academically eligible, a separate review of disciplinary history is conducted prior to a final determination on admission. All relevant circumstances will be considered. The University reserves the right to request further information from the applicant to verify the information disclosed. In addition, applicants who are admitted may be required, as a condition of participation in certain programs, to complete a criminal history consent form, and agree to a criminal background check. When answering the questions below, please note that you are not required to report information related to minor traffic violations or records that have been expunged.

**Please note:** You are required to update the Office of Extended Studies at [oes@umd.edu](mailto:oes@umd.edu) (please use the subject line "Disciplinary Update") should a situation take place that would cause your answer to one of the below questions to change. This includes, but is not limited to, any criminal convictions or disciplinary actions taken against you after the time of application submission through the start of classes of your first semester at the University.
